

# TORSO FULL OF BULLETS

Nodding his head  
is the only thing he can control

He is not saying yes.  
He is not affirming agendas.  
Yours or mine.

He's packin' heat in his mouth.  
(The thing you kiss with)  
You use your tongue to French kiss;  
he uses his to blast America.

His tongue is a trigger.  
His teeth have won the legal right to hunt.

He has a bullet swaddled in toothpaste for the football player  
that broke his neck when he was only 18 years old.

A bullet for all sets of stairs.  
A bullet for that damn chair.  
A bullet for 3 decades of the word quadriplegic.
